5/13/97

Hello Everyone,

I am happy to send you a little money for the equipment fund. I remember the time we lost the movie screen from the back of our pick up truck on the way to setting up a show at the Copper Gallery on Green Street - I had to return across the bridge to Berkeley where I found a clean white sheet. We set it up just in time for the show. By the next week a good friend and volunteer bought us a new screen. Thank you Dave Cleveland wherever you are. I give this money in your name.

Love to all,

Chuck Stuard
